Product Description:

Letterbox small

rectangle

front opening

zinc/black/flag

- A4 capacity for magazines and larger letters so your mail does not get creased or wet.
- Front opening letterbox to meet NZPO Rural regulations.
- Durable and weather-proof zincalume casing stays looking clean and fresh for years.
- 12mm cedar plywood with its natural wood grain is enhanced by an Intergrain low maintenance stain.
- Intergrain exterior stain system remains maintenance free for up to eight years, with triple coated protection which gives a UV barrier to make your letterbox panels look great and last.
- Even after time spent away from home, your mail is completely safe and well contained inside the spacious cavity.
- Attractive and durable aluminium detailing with stainless steel fixings and door handle provide a quality long lasting finish and another element of style.
- Able to be joined together to suit rural developments.
- Installation guides are provided in every letterbox giving clear diagrams and instructions.
- A clear protective film keeps your letterbox in perfect condition until installation.
- All letterbox bases are pre-drilled to perfectly match Steel Pole Accessory to make installation easy for everybody.
- Made in New Zealand
